

SecureCattle®

Stress affects all cattle, on every operation, regardless of location or management approach.

SecureCattle® is a high quality, easy to use pour-on solution, that allows cattle to better control their reactions to stress. It is an analog of the bovine appeasing pheromone (BAP) which is naturally secreted by cattle.

ONE SINGLE, 5 mL DOSE

APPLY TO ONE LOCATION

TREATS UP TO 2X HEAD PER BOTTLE

SecureCattle®'s proprietary formulation optimizes its ability to reach the target organ quickly with one, convenient dose.

This is the reason the competitor requires you to deliver 17.2 TIMES the amount of active ingredient per dose and apply it in TWO LOCATIONS to get the same results.
